

Quantura Q10+ Remote Dose

Quantura Q10+ Remote Dose is Brightwell Dispensers new single peristaltic pump system for dosing one chemical to small capacity laundry machines such as top loading machines. Easy installation and configuration together with reliable tube fittings make this system the ideal dosing solution.

Key Features

- Compact design
- Full load and half load button activation
- LED's to indicate pump status:
 - green - full load wash
 - yellow - half load wash
 - blue - in prime mode
 - red - unit is locked
- Adjustable lock out time (2-60 minutes), red LED light illuminates when locked out to prevent overdosing
- Adjustable full load run time (1-180 seconds)
- Adjustable pump delay time (0-20 minutes), LED light flashes to indicate that it is in delay mode
- Optional prime feature
- The Q10+ can work in timed, speed, remote dose and probe mode
- Easy fit, plug and play handset with 5m cord
- Relay mode operation when the handset is not connected
- Includes full installation kit

Quantura Q10+ Remote Dose

Installation & Maintenance

- Every pump is supplied pre-wired to reduce installation time.
- Wall mounting bracket with integral spirit level.

Chemical Compatibility Testing

- All Brightwell Dispensers' dosing systems undergo comprehensive chemical compatibility testing using the latest, typical chemicals
- For customers who would like to test specific chemicals we offer free chemical compatibility testing*

Additional Uses

The Q10+ is a versatile unit that can also be used in a dishwasher application when the remote is removed.
